EVENT INTRODUCTION

The first ever European Universities Winter Sports Championships will be held in Val di Zoldo, Italy from December 18-21, 2023. Organized by CUS Venezia, in close collaboration with FederCUSI, Ca' Foscari University of Venice, and the Iuav University of Venice, the event will offer university sport competition in Alpine Skiing and Snowboarding, in a friendly and relaxed atmosphere. Snow Volleyball will also be offered as a demonstrative sport. The Championships are expected to attract athletes aged 17-30, officials, organizational staff, and volunteers, in the beautiful mountain setting of the Dolomites.

LOCATION

Val di Zoldo is a municipality in the Province of Belluno in the Italian region Veneto, located in the heart of the Unesco Dolomites. Geographically, it lies in the northeastern part of Italy, close to the border of Austria and Slovenia. The mountains here offer the chance to venture into the spaces between the magnificent rocks close by, or explore huge, clear spaces, with lofty peaks in the distance, able to convey a sense of infinity and freedom, capable of instilling a deep breath.

WELCOME MESSAGE

Adam Roczek

President of the European University Sports Association (EUSA)

Dear Friends,

My warmest welcome to all participants of the European Universities Championships 2023.

The European Universities Championships, as previous editions have proved, are a wonderful occasion to be together and experience the beauty of university sport. I am pleased that a great number of students and officials, sharing their love for sport, respecting Fair Play, competing in truly university sport spirit will meet in many cities across the Europe.

During such events we do more than just sport - we broaden our horizons, get to know other cultures, we promote a healthy society, we stand on the side of peace, respecting and celebrating diversity.

Being the Organizer of the Championship is challenging but at the end rewarding as well. I want to express my appreciation to the Organizing Committees, its Partners and the volunteers who give their crucial contribution to the success of the event. My gratitude extends to the National, Regional and Local Authorities for their auspices of this event.

I believe that the European Universities Championships will bring the participants unforgettable experiences and lots of personal achievements. I hope all of you will enjoy your time, and life-long friendships between European Students will be legacy of all the events.

With wishes of good luck, I welcome you on behalf of EUSA to the European Universities Championships 2023!

WELCOME MESSAGE

Massimo Zanotto

President of the Organizing Committee

Dear Sports Friends,

As President of the University Sports Centre of Venice (CUS Venezia), I am honored and happy to invite you to participate in the first edition of the European University Winter Championships, which will be held in Val di Zoldo (Belluno) under the auspices of the European Universities Sport Association.

These games represent an exciting opportunity to participate in sports together in a unique territory, the Dolomites of Val di Zoldo. The idea of hosting the EUWC was born from the desire of several territorial and sports institutions: EUSA and FISU, and in particular the Italian University Sports Federation (FederCUSI), Ca' Foscari University of Venice, and Luav University of Venice.

The territory, represented by the Administration of Val di Zoldo and the Province of Belluno, together with the operators of Val di Zoldo Funivie and the Tourist Consortium, have embraced the initiative, considering it a great opportunity to become a reference point for winter sports (and more) for young European university students. As for the competitions, the titles of European University Champions in alpine skiing and snowboarding (in both individual and team categories) will be awarded.

The races will take place on the slopes of Val di Zoldo, undoubtedly recognized internationally as among the most remarkable in terms of technical level.

We look forward to welcoming you in Val di Zoldo!

ORGANIZING COMMITTEE

CUS Venezia A.S.D., affiliated to FederCUSI, has been carrying out since 1949 a continuous sporting activity ranging from motor and recreational activity to real agonism. The CUS involves a very large number of people (about 3,000 per year) through different forms of aggregation which, for their continuous development, have made the Company acquire an absolutely relevant weight and incidence in the Veneto sports environment, thus consolidating over the years a know-how and an organisational capacity that place us as a reliable organisation and an important point of reference both for local bodies, whom relationships of effective collaboration are underway, both for the official sports bodies (CONI and Sports Federations).

CUS Venezia A.S.D. has a long and consolidated experience in organising major events, directly or in collaboration with Federations and Sports Associations.

At the organisational level we have the following experience:

- National University Winter Championships in 1993, 2018 and 2019, 2021, 2022, 2023;
- National Spring University Championships in 1982 in Venice and in 2007 in Jesolo (VE);
- University World Handball Championships in 2008 in Jesolo;
- The International Athletics Meetings in the years from 1978 to 1983 with the presence of the greatest national and world athletes including Mennea, Dorio, Simeoni;

We also cooperated:

- With the FIPAV, to the organisation of the 1978 Volleyball World Championships;
- With Men's and Women's Volleyball League at the finals of the Italian Beach Volleyball Championships in 2001 and 2002 and at the men's Coppa Italia finals in 1992 and women's in 2002;
- With Venicemarathon, from 1986 to today, we have supported the organisation of all the editions of the marathon.

CO ORGANIZERS

The Italian Federation of University Sports (FederCUSI), formerly the Italian University Sports Centre (CUSI) is a National Sports Federation recognised by CONI to which the State has entrusted the task of taking care of the practice, dissemination and enhancement of physical education and sports activity for Italian university students.

To this end, a University Sports Centre (CUS) is established at each Italian city, with management and administrative autonomy, which deals with the management of the sports facilities owned by the universities, organising in them, or at other facilities, courses, championships and various activities aimed at the pursuit of the institutional purposes of the institution. The CUS is responsible for its work to a Committee for Sport, set up at each university, which includes two representatives of the students, two representatives of FederCUSI, the Administrative Director of the university and the Rector who chairs the body.

The FederCUSI is responsible for taking care of the national activity, the National University Championships (CNU) in the various disciplines, and the international one, setting up in particular, with the help of the competent Sports Federations, the representatives participating in the University World Championships and the Universiades, an event similar to the Olympics reserved for university athletes.

The Italian Federation of University Sports is a member-founder of FISU (Fédération Internationale du Sport Universitaire), the body that brings together all the National Associations of University Sports in the world.

As such, FederCUSI participates in almost all the events organised by the Federation both in the strictly sporting field (Universiade, University World Championships) and in the cultural field, through participation in the conferences promoted by CESU, the body that in FISU is responsible for drawing the lines, addresses and objectives of university sport in the world.

The FederCUSI also has to its credit the organisation of 4 summer Universiades and 5 winter editions, as well as the organisation of numerous University World Championships in the various disciplines.
